SVALIN

Just as the hues maintain natural and muted tones, the stripes in this design showcase a vibrant yet softened look. This subtle understated balance allows the Svalin rug to assert itself or integrate, adapting to the demands of any decor. It is hand-woven with New Zealand wool on linen warp, using a distinctive twisting technique, which imparts volume and resilience. The linen warp creates the slightly blurred stripes in the twill weave, and blends of soothing greens, beige, and greys, subtly transform with the play of light and the surrounding ambience.

The Mist design merges a rustic Scandinavian vibe with a touch of Japanese zen. The subtly chequered pattern balances between distinct and discreet, giving the rug the ability to serve as both a centrepiece and a backdrop in the décor. We have maximized the potential of the sublime worsted wool, with longer fibres creating a flat look and ensuring durable quality. Explore different sizes including a round version.

HJALTE

Sinking your feet into the Hjalte rug is an unparalleled experience of comfort and softness. Like Ask, it is woven with a blend of wool and linen, and the use of longer piles enhances its lushness. The rug's substantial weight signals its high quality, yet the surface maintains a light and lively feel. The exceptional wool quality not only ensures ease of cleaning but also delivers an excellent bounce-back effect, erasing footprints, and pathways with a vacuum cleaner. With a colour palette of grey, off white and latte, Hjalte checks all the boxes for creating a cosy and elegant ambience.

HOLGER

Among a lot of qualities, this hand-woven rug has an appealing tight texture, a multidimensional depth created by the cotton thread, that makes you want to glide a hand over the surface. Visually the muted and lighter tones balance the darker shades and soften the pattern resulting in a less graphic and more organic expression finished with an elegant border.

ASTRID

Without being overpowering the herringbone pattern is crisp enough to add a toned-down luxurious touch to Astrid. Two shades of yarn hand-spun by our skilled team in India and the alternating weaving directions form the subtle pattern in this timeless, contemporary design. The high-quality hand-woven rug comes in three colours, each with enough contrast to add a sophisticated dimension to a room. The colours channel the grey and neutral tones inspired by rocks and graphite.

VALHAL

Valhal is a natural Nordic beauty. A subtle shimmering texture gives this hand-loom pile rug a distinct luxurious quality. Depending on the light and the pile direction, the look shifts from one tone to another, from soft shiny to matte. Like carved out of a rock, the colours of sand, clay, ash, marble and silver take on the changing and surprising depths of nature's colour play. As with the Vidar design, the understated wow-factor comes from the exquisite mix of high-quality wool and viscose. The darker viscose softens the bright shine and create a harmonious interplay, like marble or graphite.

Cosy Circles

The shape of a rug can play a pivotal role in shaping the ambience of a room. Round rugs, with their symmetrical charm, have a unique ability to soften the angles, anchor and define a space in a way that differs from their rectangular counterparts.

With a growing need for gathering and cosying up at home, the round rugs resonate with both design and emotions, and we embrace this distinctive form in several of our designs including in the Fenris range and in two of our new designs Hjalte and Mist.

Whether placed in the centre of a living room, under a dining table, or as a focal point in a bedroom or even under the bed, the circular shape invites a sense of intimacy and warmth, flow, and cohesion.

A circular rug is like an ambience amplifier in any room.

VIDAR

With this lush loom pile rug, we have combined a discreet luxurious style with our high quality. Vidar is made in exquisite wool with fine, long fibres giving the rug an incredible durability and ability to refresh and maintain the soft thickness. A small amount of viscose adds a desired soft shine, which changes slightly in tone depending on the light and infuses any room with cosy elegance. Choose between seven beautiful colours: white, grey, sand, graphite, forest, midnight blue, and bronze.

CALLA

Calla is a posh, yet ultra-modern hand-loom pile rug balancing elegance and functionality. Drawing subtle inspiration from oriental rugs, it has a lustrous and lively patterned surface, which appears calm thanks to the quality of wool and the meticulous mixing of the colours. With midnight blue and beige hinting on silver, this rug brings timeless beauty to a living room and bedroom.

ASK

The uniqueness of this hand-loom pile rug stems from a determined process of attention to every single detail. The quality of the New Zealand wool is outstanding and the many experiments mixing wool and a little bit of linen for contrast have resulted in a thicker and more exclusive rug. The linen adds a stylish lustre and a gentle Gabbeh-dye brings the soft shimmering in the pile. The choice of nature inspired colours completes the soft and exclusive design, which is versatile and makes an impact in any room.

The Soft Embrace

The soft and lush textures of a pile rug create a tactile experience that is both indulgent and inviting. In a world seeking comfort and connection with nature, these rugs blend into contemporary aesthetics like a warm embrace in the home.

With focus on muted tones and high-quality wool, our range of pile rugs exudes a quiet elegance and calm cosiness.

Whether gracing a living room, bedroom, or any space in need of a touch of natural opulence, the rug's thick and soft qualities bring a sense of warmth and sophistication.

LOKE

A modern pile rug, made in the finest New Zealand wool, which has a shiny and intense two-toned shimmer despite being uni-coloured. After weaving, the loops have been partly cut using a shaving technique, which has softened the surface and created the enhanced expression of colours.

HUMLE

Made entirely in raw natural wool, Humle is a beautiful pure rug with an understated chequered weave. Depending on the light and the angle, the pattern flickers between suggestive and subtle stripes. Like the Rolf design the undyed wool allows for a natural interplay with four different colour combinations exploring shades of grey, black, and off white. Mixing lighter and darker shades make the design perfect for brightening up a space or bringing some cosy grounding to a room.

Green Mood

Green, with its myriad of shades and tones, evokes feelings of tranquillity, renewal, and a deep connection to nature, making it a popular choice for many of our designs including the new Svalin and Mist, both available in a muted green shade mixed with beige.

Incorporating different shades of green can transform a space, creating an environment that is both refreshing and harmonious. Beyond aesthetics, green influences mood by contributing to a soothing atmosphere.

Like all our other colours, we offer green in natural tones, giving the rugs the ability to pair well with both warmer and cooler colour palettes. Making green a versatile and timeless option that complements natural materials like wood and stone

GRO

Graphic shapes paired with off white and beige and natural contrast colours form a stunning pattern framed with a simple border. The fairly complicated pattern on this hand-loom pile rug has required next level craftsmanship. The top-quality New Zealand wool has been woven and cut to create a shimmering look changing with the light.

FENRIS

This slightly rustic hand-woven rug, distinguished by its thick, high-quality weave and soft natural colour scheme, is a harmonious design that complements various types of wood and styles within a home. The intentional irregularity in tones and texture is achieved through a combination of a shimmering hand-spun natural wool yarn and pure New Zealand wool. For added versatility, it is also available in a round version, offering a unique and stylish option in any room.

GIMLE

A shimmering look brings out the two shades creating a stunning visual effect in this popular, classic design Gimle, which is the thickest flat-woven rug in the collection. The colour palette draws from Autumnal shades and the Scandinavian natural tones. Soft leaf green, willow, and golden burnt cork harmoniously cover the range of a leaf's natural defoliation. Each shade complements the thick quality and the stunning two shade mottling effect on the hand-woven rug in New Zealand wool. With six different colour combinations, Gimle is extremely versatile when decorating a home.

ROLF

With a clean and simple design and pure wool in its natural white, grey and charcoal hues, this hand-woven rug is a step back to nature. The wool is undyed and the subdued life in the tones and textures comes from nature's own beautiful imperfection. The Rolf rug meets a strong desire for natural and sustainable design. The thick quality makes it a very durable rug with the added bonus of being reversible, which can double the life span.

Our lush pile rugs with a unique blend of wool and linen transform with light and angles, creating ambient interplay of shine and softness.

BALDER

An abundance of beautiful hues inspired by nature add depth to the classic goose eye pattern on this simple and sophisticated, hand-spun rug. Whether choosing the golden honey toned umbra, forest green inspired by crisp beech leaves, classic grey, black and midnight blue, the colours are strong enough to stand out, and soft enough to blend into a natural colour scheme and suit any wooden floor. Mixing high quality wool and linen in a very tight weave deliberately creates a slightly worn surface suggesting that this rug will only become more beautiful with time.

BELLIS

Bellis is the new generation of Erica; a thicker, reversible rug in Gabbah-dyed New Zealand wool available in four different colours resembling the changes of the sky throughout a day. From soft, beautiful nude like a rose quartz gemstone to a twilight charcoal grey. All very different colours yet they all have the same depth and tone and work harmoniously together in a room or throughout the house. Up close, the weave reveals tiny dots bringing out the beauty in the colours, which from a distance blur together into a more monochrome shade.

MADE TO MEASURE

The perfect rug is a combination of beautiful texture and distinctive pattern with rich colours or earthy natural tones that accentuate and complement the style in your home.

We have found that the right fit makes all the difference and knowing that a rug has the power to transform a room, we offer all of our designs in bespoke sizes.

When you are looking to link together your sofas, need a little elegant square in a particular place or would like to fit your dining table and chairs on a rug without it looking cramped, you can order all of our rugs in your desired size.

Our designs can be varied in measurement, from a small 2 m² rug, to larger rugs up to 4.5 m wide and 10 meters in length. If the space needs a soft contrast, we can also make selected lines as circular rugs, which can make a room seem more spacious. We are dedicated to perfecting, refining and adding on to our selection of classic, contemporary designs and when it comes to size, we offer even more choices and flexibility.

As all our rugs are unique and hand-made, the size can vary slightly from the ordered size (+/-4%). A bespoke rug can be delivered in approximately four months. For a surcharge it's possible to get delivery in just 10 weeks.

Please note, that you will be invoiced for a minimum of two m2 if you order a smaller rug. For circular rugs and rugs larger than 20 m2 an additional 15% will be added to the fee.

Some of our designs are unavailable as circular rugs or in the largest sizes (4.5x10 m), however please contact us with any requests.

UNDERLAY

Structure: PES/Glass fibre yarn coated on both sides with a special anti-slip PVC-foam.

High quality underlay avoids rugs from slipping on smooth floors. The underlay is comfortable to walk on, offers impact sound insulation and protects your rug from premature wear. If flooring is treated with water-based lacquers, allow at least 3 months full drying time before using this product. Only suitable on floorings treated with solvent-free sealants. No adhesion when wet. Thickness app. 2.5 mm.

90x240, 130x190, 165x240, 190x290, 240x240, 240x340 cm

HOW TO CARE

We always recommend that you use an underlay to extend the life of your rug.

Underlay ensures that the rug remains in a fixed position. It also reduces the risk of any staining. Some of our kilim rugs are reversible. We recommend that you turn your rug over every six months. Do not place your rug in direct sunlight.

Daily cleaning:

Vacuum your rug as needed. Never vacuum your rug with the brushes of your vacuumcleaner nozzle in the extended position.

You can also give your rug a gentle shake outside. Do not beat your rug.

Spot cleaning:

Please find detailed information at fabulaliving.dk

Most of our rugs are hand-made and there is a variation of size of up to +/-4%. Irregularities in colour and weaving are characteristics of hand-made rugs.
