

GIMLE

Design / Jens Landberg Schrøder

A shimmering look brings out the two shades creating a stunning visual effect in this popular, classic design Gimle, which is the thickest flat pile rug in the collection. The colour palette draws from Autumnal shades and the Scandinavian natural tones. Soft leaf green, willow, and golden burnt cork harmoniously cover the range of a leaf's natural defoliation. Each shade complements the thick flat pile quality and the stunning two shade mottling effect on the hand-woven rug in New Zealand wool. With six different colour combinations, Gimle is extremely versatile when decorating a home.

Quality	Hand-woven rug in New Zealand wool on cotton warp, reversible
Sizes	140x200, 170x240, 200x300 cm, made to measure
Colours	1511 black/off white, 1211 beige/grey, 1011 white/off white, 1215 off white/black, 1818 willow, 5252 cork
Origin	Designed in Denmark, hand-woven in India

CERTIFICATION

Independent test results confirm performance at the highest industry standards.

Durability Most tested rugs achieve the highest classification for loose-laid textile floor coverings. The same rigorous test previously classified the rugs as Class 23 (Heavy Domestic Use) and, under the updated classification system, corresponds to Class 32 General Commercial Use. These results are a testament to our rugs' high durability and resilience in spaces with intensive daily use, maintaining both their appearance and material integrity over time.

Fire safety All tested designs achieve the highest fire classification for textile floor coverings, Class Bfl-s1. This ensures strong resistance to flame spread and minimal smoke emission, providing maximum safety in public and hospitality spaces. Testing is carried out in accordance with EN 13501-1, using internationally recognized methods including EN ISO 9239-1 and EN ISO 11925-2. Only a small number of rugs are not included in this testing programme, as they are designed for private homes rather than hospitality use.

As most of our rugs are unique and hand-made, the size can vary slightly from the ordered size (+/-4%). Irregularities in size, colour and weaving are characteristics of hand-made rugs.
